No.3P-197/17(Pt)/ 1363 -R/PL

**ORDER**

It has been decided by the Department to reuse the dismantled bituminous materials (obtained from dismantling / milling of bituminous base course or surfacing course) i.e. RAP, in case of bituminous base/ binder course in case of High Way Projects. In this connection, the project namely "Habra-Ukhra road from 0.00 kmp to 11.33 kmp widening & strengthening work under Barasat Highway division No.-II in the District of North 24 Parganas & Nadia" has been chosen to be taken as a pilot project with utilisation of RAP. In case of the said pilot project, IIT Kharagpur has been approached for their technical support.

Sri Rajib chattaraj, Asstt. Chief Engineer(NH) will act as Technical Co-ordinator for this project, with IIT Kharagpur in addition to his normal duties in NH wing.

All concerned are being informed accordingly.
